Carnival Cruise Lines would like to ensure that you have a thoroughly enjoyable vacation aboard our vessel. While we strive to see that all guests enjoy the facilities onboard, there are some limitations that you should be aware of before boarding.

Our ships have specially designed cabins for guest using wheelchairs. We have two classifications of cabins:

Wheelchair Users:

Our standard cabins have an approximate 22” entry doorway, an 8” lip into the cabin bathroom, a 4” lip into the shower stall and 7” lip to the balcony (if applicable). However, our ships have two different types of cabins specifically modified for guests using wheelchairs.

Modified cabins: These cabins are reserved for our guests who use a wheelchair for distance or guests with mobility. They feature wider entry doorways, measuring approximately 29”, bathroom entry doorways ranging from approximately 22” to 29” with a bathroom lip ranging from approximately 3.5” to 8”.

Accessible cabins: These cabins are reserved for our guests who use a wheelchair, with limited or no mobility. These cabins have an approximate 32” entry doorway into the cabin and cabin bathroom, no lips into the bathroom and have roll-in showers with fold-down shower seats. Additionally, there is a full turnaround space of approximately 60” x 60” in the cabin and as well as in cabin bathroom.

As with all Carnival reservations, staterooms within each category are assigned on a first come/first-serve basis. Therefore, it is necessary to reserve an accessible or modified stateroom in advance due to limited availability.

Mobility Scooters: Scooters must be stored and batteries recharged in your cabin. Due to safety considerations, wheelchairs and scooters cannot be stored in the corridors. Your personal scooter must be no wider than 21” to fit through a standard doorway or you must purchase a modified cabin or rent a smaller scooter.

Segways and other similar vehicles are not permitted on board our vessels.

- Wheelchair accessible public restrooms are located throughout our ships.
- Accessible route brochures are available to download online.

At certain ports of call, small boats known as tenders are used to transport passengers from the ship to shore. Certain of these tenders may not be accessible to individuals using wheelchairs and mobility scooters, or the status of the tendering process at a particular port under certain weather, sea, swell, current and/or tide conditions may prove difficult for a safe transfer to take place. In each case, it will be the decision of the ship officials to determine, based on their evaluation of safety issues for our guests and crew, whether or not a guest using a wheelchair may board a tender. In order to safely board tenders, guests must be able to take steps and use a collapsible, fold up wheelchair; motorized wheelchairs and mobility scooters cannot be taken on tenders. *Note—Tendering ports are: Cabo San Lucas, Catalina California, Catalina Island Dominican Republic, Cannes France, Belize, Half Moon Cay Bahamas, Grand Cayman, Zihuatanejo-Ixtapa (Mexico), Kona (Hawaii), Lahaina (Hawaii), Newport Rhode Island, Sitka (Alaska) Possible Tender: Ketchikan Alaska, Dubrovnik Croatia, Katakolon Greece.

- Facilities in ports of call vary significantly; wheelchair accessibility may not be available for shore tours or in certain ports of call. Carnival is not responsible for accessibility in its ports of call, which are not under Carnival’s control.
- For transportation from the airport to the pier, Hydraulic Lift Transfer is available for guest with mobility impairments, if requested in advance. Standard transfer charges apply; there is no additional cost for the lift. Please advise us if you require this service.
- For wheelchair assistance at the airport terminals, please contact the air carrier directly.
• If you are requesting wheelchair assistance with embarkation and debarkation, Carnival Cruise Lines has a limited supply of wheelchairs onboard each of our ships. In order to accommodate all our guests, we reserve them for embarkation and debarkation in the pier facility only.

• Carnival Cruise Lines does not offer curbside assistance for embarkation and debarkation. All guests that require assistance must enter the embarkation lobby where an embarkation representative can assist you.

• Furthermore, the wheelchairs onboard are used for emergencies and time-to-time usage, therefore, Carnival Cruise Lines is unable to confirm the exclusivity of a wheelchair for the entire duration of the cruise. Additionally, wheelchairs from the ships cannot be taken off shore in ports-of-call. If you are simply requesting wheelchair assistance you do not need to complete the attached form.

• Accessible parking is available at all Carnival Cruise Lines home ports: decal/permits are required. For pricing, and directions, please visit www.carnival.com

If you require the regular use of a wheelchair, Carnival Cruise Lines respectfully asks that you bring your own or rent one from a service provider. Some companies that frequently provide wheelchair services for our guests are:

CareVacations: Phone: 1.877.478.7827
Website: www.cruiseshipassist.com

Special Needs at Sea: 1-800-513-4515
Website: www.specialneedsatsea.com

Of course, you are free to select your own provider. Please know that Carnival Cruise Lines does not endorse specific service providers. Consequently, you assume risk of utilizing these third party services and are subject to their terms and agreements. Refund issues must be handled directly with you and the service provider as well as any other implications that may arise regarding your rental.

We kindly ask that you complete and return the attached form; this will assist us in meeting your requirements. Should we not receive this form prior to sailing, we may not be able to meet your needs while onboard.

We look forward to welcoming you aboard the Fun Ships® of Carnival Cruise Lines.

Medical Equipment and Supplies: If you need to travel with your own medical equipment, medications, or supplies, it is important that you hand carry to avoid any loss or damage. Please do not pack these items with your checked luggage. If you need assistance with boarding your supplies, please see a Carnival Cruise Lines representative once inside the embarkation lobby.

If you are traveling with injectable medication(s) and need a container for disposal, please contact the Housekeeping team onboard. If your medication requires refrigeration, stateroom mini-bars are designed to maintain the temperature of beverages. Please do not use the mini-bar to store medications that have specific temperature requirements. Portable refrigerators are available onboard in limited quantities and on a first come, first serve basis. If a portable refrigerator is unavailable our ships Medical Center will arrange storage, please contact them once onboard.

For our guests who require wheelchair assistance only with getting on and off the ship in homeports, this form is not required.
